

In 2023 East Fife are more than a senior football club, we are a hub for the local community, providing a platform for kids and adults to have fun, exercise, develop and thrive regardless of social background.

In our 120th year, supporters of East Fife Football Club have the exciting opportunity to secure the majority shareholding of the club and return it to the ownership of the community and those who care about it most - the fans. This will enable us to make the football club the focal point for everyone within Levenmouth and the surrounding areas.

To make this dream a reality we need supporters of the football club and supporters of the community to join us and register their interest with East Fife Supporters' Society by scanning the QR code. Membership is free. Together we can make this happen and build a club we can all be proud of.

Join us at our Launch Event and Race Night on Friday 18th August at Methil Club where entry is free from 7pm for a news update and fundraising.

Join the Journey, scan QR code below.
