

Good afternoon everyone

Thank you to all who have signed up to the supporters' society and a welcome to all new members.

As many of you will be aware there was a launch event/ race night held on Friday night. The attendance was lower than expected however those who attended appeared to have had an enjoyable evening and £764 was raised. Thank you to all those sponsored races, horses, and donated raffle prizes.

The chairperson of the society Ian Lowson opened the evening by providing an update on the progress the society board members have made to date.

The content of the update is attached for those who did not attend.

With what is happening (or not happening) on the pitch I think we will all agree that things need to change and everyone playing their part whether that be by attending events, pledging, or sharing social media posts will support the board in reaching our collective goal.

Can we ask that all members who have social media accounts, like the Supporters' Society pages and share all content that is posted. This will be invaluable in spreading the word about our campaign.
