

# EAST FIFE SUPPORTERS' SOCIETY NEWSLETTER

**1st OCTOBER 2024**

Dear All,

I am sure everyone is delighted with our current position at the pinnacle of League 2. Whilst early in the season, we need to keep in mind that a successful league campaign is a marathon and not a sprint.

Off the field, our Scottish Government Loan has proven unsuccessful at this time, however, as previously stated we are actively pursuing other avenues to affect change at the club.

Your pledges are vital to this stage of the campaign as these will be required to secure a deal with our potential partners going forward.

We would ask for your continued support and patience while the alternative plans are worked through. As a group we fully understand the position and frustrations you may well have, and the questions you will undoubtedly have.

Rest assured monies raised will be for the benefit of the football club long term, and as members, you will have a say on how these are administered.

Please keep the faith, we are still confident that change will come in the very near future.
